Volume 20, Number 190

BRAINERD, MINNESOTA, FRIDAY, JANUARY 14, 1921

Price Three Cents

CLAIM FARMERS GRAIN STRIKE IS NOW BREAKING UP

FARMERS' STRIKE AGAINST MARKETING WAS TO BOOST PRICES

GRAIN PASSING THROUGH CHICAGO SHRUNK 51,000,000 BUSHELS

(United Press)
Chicago, Jan. 14—Strikes of farmers against marketing wheat in an effort to force higher prices, is starting to break in the view of financiers, grain dealers and others in touch with the situation given to the United Press today.

The real magnitude of the strike was brought home to grain dealers today by announcement of the Chicago Board of Trade statisticians that fifty million bushels less of wheat passed through Chicago in 1920 compared with the year previous.

In 1919 the figures showed 79,927,000 bushels passed through Chicago channels, while in the year just passed only 28,997,000 were handled.

The "visible supply" of wheat on Jan. 1, 1921, was 43,063,000 bushels, compared with 75,363,000 bushels a year ago. The "visible supply" is the amount actually held in great marketing centers and showed farmers had decreased the market nearly fifty per cent.

Farmers Holding Much Grain

Washington, Jan. 14—Farmers anxious for higher prices are holding nearly one billion dollars worth of grain and other foods in stock, it was estimated here today on the basis of reports to several government departments.

"Farmers who are able to hold on sixty days longer will be able to sell their goods at an advance in prices," said Senator Arthur Capper, of Kansas. "The farmers of the country are making a large sacrifice by holding their crops. They are getting little assistance in the shape of loans, and are going without many things to win out. A slight price increase has already taken place in wheat and some other products. This shows that the method of the farmers is right not only for themselves but for the country as a whole."

PREVENT SHORT SELLING OF GRAIN

(United Press)

Bismarck, N. D., Jan. 14—The North Dakota assembly today memorialized congress to pass a measure to prevent short selling of grain. Only one dissenting vote was cast when Rep. Watt introduced a resolution condemning gambling in grain.

A bill has been presented to the house providing for reward for the arrest and conviction of prohibition law breakers.

Charley White Wants to Fight Leonard

(By United Press)

Chicago, Jan. 14—Charley White, on whom Chicago still lays its claim to pugilistic honors, is clamoring for another chance at Benny Leonard and the lightweight championship.

White said he was making every effort to get a fight with the champion after the Richie Mitchell-Leonard fight in New York tonight, if Leonard wins.

The Chicago fighter said that "influences close" to Tex Rickard had prevented his appearance at Madison Square Garden so far but he believed he had overcome these and that the bout could be arranged.

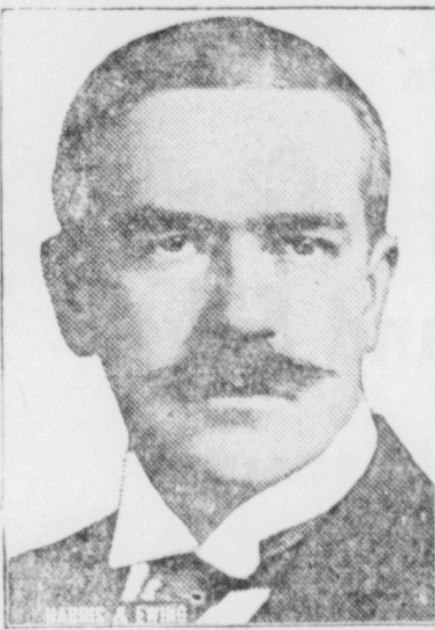

White is still talking about his fight with Leonard at Benton Harbor when he knocked the champion down, although Leonard came back and slipped over the K. O. in the fourteenth round. He thinks that Leonard has been slipping since that fight.

FOREIGN TRADE TO BE STIMULATED

(United Press)

Athens, Jan. 14—American interests have agreed to advance \$32,000,000, it was reported in official circles today. The funds are to be used for purchase of American goods and not for military expenses, it was said.

COL. JOHN A. M'ILHENNY

Col. John A. McIlhenny, famous for his efforts in the conservation of bird life, is the financial adviser of the republic of Haiti.

ONE MAN CONTROL HIGHWAY DEPT.

(United Press)

St. Paul, Jan. 14—Indications today were that the legislature will approve one man control of the state highway department.

Advocates of a single commissioner plan claim to have enough votes in both house and senate to assure its adoption. It is understood Governor Preus will approve whatever plan is adopted, although he is reported favoring a three man commission.

The house committee expects to send recommendations to the floor early next week. A canvass of the senate today showed thirty-two in favor of the one man directorate and seventeen undecided.

The house committee on marketing today discussed proposals for federal aid for co-operative marketing associations to be administered by the department of agriculture. The bill provides that the commissioner of agriculture shall assist and advise the co-operative association and render such aid as possible.

The bill further provides that all books and accounts of such an association shall be audited annually by the commissioner of agriculture.

The senate at its morning session killed the Devold bill that would have required all state printing to carry the union label. The rules committee reported recommendations that the bill be tabled indefinitely. The report was adopted forty-six to sixteen.

Senator A. C. Gooding of Rochester, introduced a bill that if it passes will prevent the state pardon board exercising clemency in the case of persons convicted of first degree murder and serving a life sentence. The bill provides the supreme court may hold a retrial of such cases if the pardon board makes such recommendations.

Sixteen other bills were introduced in the senate today.

Senator Archie Coleman's bill providing for combining the St. Paul and Minneapolis force into one police district, faced sudden death according to twin city members of both house and senate today.

Senator Magnus Johnson, of Meeker county, introduced a bill providing that real butter must be served in the state prison instead of "ole."

Senator Palmer, of Minneapolis, brought up a measure that would empower city attorneys to represent either city or individual officials in fighting rate cases.

Fighting rate increases sought by the state railway and warehouse commission. The measure grew out of the recent rate hearing when it developed that city attorneys could only appear as individuals and not in behalf of the municipality.

HACKED TO DEATH

BY UNKNOWN MEN

(United Press)

Meridian, Miss., Jan. 14—Moody Price, prominent Meridian lawyer and formerly United States commissioner for this district, was dragged from his bed early today by two unidentified men and hacked to pieces with an axe while his wife looked on.

Mrs. Price was unhurt, but was too hysterical to give the description of the men and officers have no clue that would lead to their identification. Blood hounds were secured in an effort to trace the slayers.

THE SUPREME COURT SAYS NOT NEGLIGENT

DECISION OF LOWER COURT B. L. SKILLINGS VS. ALLEN AFFIRMED

(By United Press)

St. Paul, Jan. 14—The decision of the Crow Wing county court in the case of Bert L. Skillings, of Trompsburg, against Dr. E. A. Allen, of Crosby, denying the plaintiff \$7,500 damages for the death of a child, was affirmed by the higher court today.

Skillings charged Dr. Allen had allowed one of the plaintiff's children, suffering with scarlet fever, to return home from Dr. Allen's hospital before the child had recovered, and as a result another child was taken sick with the same disease and died. The supreme court ruled there was no evidence of professional negligence.

11TH HOUR RUSH OF THE JOB HUNTERS

(By United Press)

Marion, Ohio, Jan. 14—Some way of escaping from the eleventh hour rush of job hunting which is sweeping down upon him, was sought by President-elect Harding today. Office seekers are arriving in such numbers each day as to seriously impede his progress in framing the cabinet and solving his complicated internal and domestic problems.

But most of the office seekers are doomed to disappointment because Harding intends to allow his cabinet members and other executives to select their employees. A high percentage of jobs sought for are civil service positions which are already filled satisfactorily.

Harding had a large appointment list today, including Theodore Roosevelt, Jr.; Senator-elect Ernst, of Kentucky, and several congressmen. Ernst was expected to discuss the proposed appointment of A. F. Hurt of Kentucky, to a cabinet post. Theodore Roosevelt has been suggested as a possible assistant secretary of war.

RAILWAYS MAY FILE BIG SUITS

Washington, Jan. 14—An intimation that several big railroads of the country will bring huge suits against the federal government for alleged damage to their property during the war time operation of the roads by the railway administration, was seen in the testimony of Thomas Dewitt Cuyler, president of the Association of Railroad Executives, before the house interstate commerce commission today.

Cuyler said that the southern railroads which refused to accept the guarantee of six per cent for the first six months of private operation after the roads were returned to their owners, would soon bring suits against the government for \$4,000,000 damages. His testimony left the inference that other roads would do likewise.

MINE DISASTER; 10 SERIOUSLY HURT

West Frankfort, Ill., Jan. 14—Forty miners were rescued today from the fume-filled shaft in No. 8 mine of the Old Ben Coal corporation near here early today following a gas explosion. Ten were seriously injured and taken to hospitals. Physicians said two of them probably would not live.

U. S. TUG WRECKED OFF GALVESTON

Galveston, Texas, Jan. 14—The United States engineering department tug Captain Talfor has been wrecked and it is believed seven men of the crew perished. The tug left Sabine early Sunday for Galveston and nothing was heard of the craft. The deckhouse and other wreckage came ashore on Galveston beach.

\$80,000 MAIL BAG ROBBERY

Chicago, Jan. 14—Three mail bags containing \$80,000, were stolen while being carried from the postoffice to the railway station at Mount Vernon, Ill., today, according to information received by the postoffice inspector here. The money was being sent to a mine to meet the payroll.

TODAY IN CONGRESS

SENATE

Finance committee in executive session considers the emergency tariff report and hears representatives of the tariff commission. Cuban relations committee considers trip to Cuba to investigate financial and political situation.

Interstate commerce committee hears Glen E. Plumb on suspension of section ten of the Clayton act.

Immigrations committee continue hearings.

HOUSE

Foreign affairs committee begins hearings on resolution for international disarmament consideration.

Interstate commerce committee begins hearing on bill authorizing part payment of railway claims against the government.

Ways and means committee continues tariff hearing.

Judiciary committee considers bill to incorporate companies engaged in foreign trade.

Agricultural committee continues hearing on bill to prevent speculation in grain and cotton futures.

Postoffice committee continues hearing on reclassification of postal employees.

Naval affairs committee continues hearing on naval personnel.

Appropriation sub-committee considers army, navy, rivers and harbors, agricultural and diplomatic and consular appropriation bills.

WHEAT MAY BE BACK TO \$2.00

(By United Press)

St. Paul, Jan. 14—Wheat will soon be back to two dollars and farmers will be able to sell it at a small profit, J. M. Anderson, president of the Equity Co-operative Exchange, told the United Press today. Then the farmers, the bankers, the country storekeeper, the baker and everybody will be satisfied, he said.

"There is going to be a gradual adjustment of prices and everybody will be making his own little profit," Anderson said.

"There will be no sudden decline nor no sudden rise in grain prices. Wheat now is about forty cents higher than the lower peak six weeks ago, and normalcy is almost here," Anderson said.

Anderson said he believed \$2.00 to \$2.25 a bushel was a price which would enable farmers to grow wheat profitably. He is a dirt farmer himself and originator of the co-operative exchange plan.

"Wheat is altogether too low now considering the world supply," he said. "Europe is starving. Austria has thrown up the sponge, Germany, China and even India need wheat. There is only one place that they can get it—the United States. The Canadian crop is almost all marketed. This demand is already felt as evidenced by the increasing demand in higher prices during the last four or five weeks."

"As soon as the price of wheat is up where the farmer can make a little profit, he will sell what he has on hand. Then he can liquidate. He certainly cannot liquidate with prices below cost of production. That is why bankers and business men are helping farmers through the crisis," Anderson estimated that forty per cent of the wheat that will be marketed is still in the hands of the farmers and country elevators.

MISS ELIZA P. EVANS LOSES HER POSITION

(By United Press)

St. Paul, Jan. 14—Miss Eliza P. Evans, Minneapolis member of the state minimum wage board since its organization in 1913, was dropped by Governor Preus today, and Mrs. James Schoonmaker, of St. Paul, appointed her successor.

Elias J. Liem, for 15 years state law librarian, was also dropped from the state payroll, and Chas. F. Ebel of Faribault, appointed in his stead.

Chas. W. Gordon, St. Paul, was reappointed to the minimum wage board and John P. Gardner, state labor commissioner, is a holdover member.

W. A. Wittbecher, of St. Paul, was reappointed state hotel inspector, and Chris Heen, of Osakis, was reappointed state dairy and food commissioner.

LONDON SENSES

RUSS CAMPAIGN

THREE MILITARY OPERATIONS RUMORED, ONE AFFECTING ENGLAND

RUSSIA EXPECTED TO LAY CLAIM TO CONSTANTINOPLE

(United Press)

London, Jan. 14—Three military campaigns, one of them affecting Great Britain directly, have been under consideration by the Russian government, according to reports today to the British foreign office. The three possible threats as outlined by an official of the foreign office are:

The Baltic states through Roumania to Constantinople and through the Caucasus to India.

Accustomed to war scares which never materialized, the foreign office investigated carefully every report of the bolshevist plan coming from Paris.

It was found an expected extensive movement has been planned for the bolshevist drive to reclaim the pre-war Russian line.

Dispatches from Athens today added color to the report of Russia's purpose to claim Constantinople. These reports said hundreds of bolshevist agents had appeared in the Turkish capital to work among remnants of Wrangel's army there.

BALLOONISTS ARE GIVEN OVATION

New York Jan. 14—The American balloonists, Lieutenants Farrell, Hinton and Kloor, were given an ovation by a crowd estimated at more than two thousand when they arrived today at the Pennsylvania station. Police were called to keep back the crowd that thronged to rush through the gates to the platform to give personal greetings to the three officers, who were completing the last leg of their eventful journey that started on Dec. 13.

Mrs. Stephen Farrell and son, Mrs. Walter Hinton and Miss Alexandra Flowerston, fiancée of Lieut. Kloor, met the officers.

Lieut. Farrell was the "Hon" of the ceremony. The crowd kept yelling, "Where is Farrell? We want Farrell." Farrell smiled and lifted his cap in recognition.

Outside the gates the party had to fight their way through the crowd behind a squad of police.

The officers are scheduled to report at the Rockaway naval station headquarters this afternoon.

CRAZED PATIENT ESCAPES IN STORM

(United Press)

St. Paul, Jan. 14—After escaping from Mounds Park sanitarium last night and fleeing nearly two miles before she was discovered and taken back to the institution, Mrs. Pearl Henderson, 50, was reported to be recovering from exposure. A blizzard raged while she walked aimlessly in the night.

ANARCHISTS PLANNING BOMB OUTRAGES

(By United Press)

New York, Jan. 14—Public buildings and the residences of millionaires were guarded by special details of police today as a result of a warning, presumably received from Washington, that anarchists were planning a bomb outrage here. The Stock Exchange, the Rockefeller and Vanderbilt mansions, police headquarters, Grand Central Terminal, hotels, reservoirs and the power stations were under guard.

ROOMING HOUSE FIRE IN ST. PAUL

(United Press)

St. Paul, Jan. 14—One man was injured in leaping from a second story window, and two persons were overcome by smoke when fire threatened a rooming house at 305 East Ninth street at 2 A. M. today. Wm. O'Brien was cut by glass and severely bruised when he jumped from the second story window to escape flames and smoke. He was taken to the city hospital. Firemen carried the two persons overcome by smoke to safety and revived them in a short time.

DR. H. NOGUCHI

Dr. H. Noguchi, Japanese scientist of the Rockefeller institute, the first to discover the cause of yellow fever by obtaining the germs and making a serum. He is making a tour of the principal cities, appearing before the leading medical and scientific bodies.

PRAGUE THE ENVY OF CENTRAL EUROPE

LLOYD ALLEN,

(United Press Staff Correspondent)

Prague, Jan. 14—Beautiful Prague is the envy of all Central Europe.

This is because of the strong economic position of Czechoslovakia as compared to the remainder of this part of the world.

The Czechs have great factories; a highly educated population; a very efficient government and great national wealth in the form of mines, forests, and agriculture.

Their sugar crop, for example, will total 250,000 tons this year and there is a serious sugar shortage over most of the European continent.

Wherefore the starving towns of Vienna, Warsaw and Budapest think Prague is a lucky town.

Although the fact that the Czechs are better off than the rest of their neighbors, everything is not exactly as it should be. There are plenty of things to worry about from the point of view of Prague.

For example, the country must maintain a big army at huge expense, to curb any sudden warlike move on the part of Hungary and also guard the valuable Teschen coal basin from Polish aggression.

Furthermore there is a very troublesome job here keeping the 3,000,000 hundred per cent Germans from making trouble. The Germans bitterly resent Czech rule—a viewpoint the Czechs don't worry about in the least, remembering the hundreds of years the Czechs were oppressed by German-Austrian rule.

President Masaryk, who happens to be the George Washington of this sturdy country, lives in a huge palace dominating Prague, using only a few of the 1000 rooms while other portions of the gigantic buildings have been assigned workers' families because of the housing shortage.

While the food supplies of Czechoslovakia are almost adequate for the support of the country, poor distribution causes much suffering, mainly in Slovakia and Ruthenia.

And there is not enough food in Bohemia, Moravia and Silesia, where 100,000 tons of fats and 180,000 tons of other foods will have to be bought outside the country this year.

Three years ago this hard working little country was part of the great Austro-Hungarian monarchy, while German proprietors owned almost one third of all the cultivated land and acted as henchmen of the Hapsburgs. One of the first things the newly created Czech government did was to pass legislation that broke up these estates comprising 17,000 square miles.

The Czechs are depending on America for great supplies of cotton. There is also great need of hides and wool.

Everywhere in the country there is lack of sympathy for the plight of Vienna, because the people cannot forget the centuries when Vienna fattened and grew rich at the expense of the Czechs, as well as the other smaller nationalities of that once great Austrian empire. However, the hatred against Vienna is cooling somewhat. Dr. Benes, the Czechoslovakia foreign minister, has recommended renewing neighborly relations with Vienna in the not distant future.

Some thatch roofs in Holland are 200 years old and are still serviceable.

U. S. WAITS WORD ON JAPANESE SHOOTING

INQUIRY INTO KILLING OF AMERICAN NAVY OFFICER BY JAPANESE SENTRY PLANNED

Washington, Jan. 14—Both the navy and state departments were awaiting further official information concerning the fatal shooting by a Japanese sentry at Vladivostok of Lieutenant W. H. Langdon, chief engineer of the United States cruiser Albany.

Reports to the navy department indicated the shooting occurred at night in front of the Japanese division headquarters, the American's death following a few hours later at a hospital, but showed contradictory statements as to its cause. The Japanese sentry claimed his suspicions were aroused when he saw the officer flashing a hand lamp and called upon him to halt. The officer replied, he said, by firing a revolver at him. This he returned with a rifle shot after which the officer fired twice at him. The sentry ran back to call the guard and when he returned the American was gone.

Lieutenant Langdon's statement at the hospital, gave an entirely different version. He said he was halted by the sentry, replied to a question as to his identity and proceeded on his way. He had gone only a few feet, he said, when the sentry fired at him, the ball striking him in the back, at which he turned and fired two revolver shots. The report further stated Langdon was in full uniform and that his clothing showed he had been shot in the back.

Killing of Langdon Regrettable

Washington, Jan. 14—The killing of W. H. Langdon by a Japanese sentry at Vladivostok is "serious and regrettable," the state department has informed the Japanese government, it developed today.

The department at the same time asked that Japan take adequate steps for rectifying the law as far as possible and for preventing recurrence of such an incident.

The note to Japan along these lines was dispatched by the state department to the American embassy in Tokio last night. No mention was made of any indemnity although the state department still is considering asking that compensation be made to Langdon's family.

Stop "Bunny Hug," Is Plea of S. D. Solon

Pierre, S. D., Jan. 14—If a bill presented by Senator Irving I. Crawford is passed by the South Dakota legislature, the strains of the "Blue Danube" and "Dream of Heaven" will replace the shaky orchestration of today to which the feet are moved but slightly. Many are opposed to having the names of certain dances appear on the statute books of the state, even to insure their abolition in the state. Dances which are to be eliminated if the bill is successful include "Grizzly Bear," "Turkey Trot," "Snake Wrestle" and "Bunny Hug."

BACHELORS MAY BE TAXED HEAVILY

(By United Press)

Washington, Jan. 14—Dr. Clara Sears Taylor, member of the Washington rent commission, through appointment by President Wilson, today proposed that congress levy a tax on bachelors.

Pointing out that the United States now has approximately ten million bachelors, more than any other country in the world, Mrs. Taylor would have the tax range from \$1 to \$5 a year per unattached male according to age.

RAOUL PERET IS THE NEW FRENCH PREMIER

(By United Press)

Paris, Jan. 14—Raoul Peret, president of the French chamber of deputies, today accepted the premiership offered him by President Millerand.

The acceptance was made definitely after Peret had conferred with colleagues in the chamber of deputies. It was believed Peret will also have the portfolio of the interior. Peret conferred with several former premiers, who it was believed, will accept places in the cabinet.

THE WEATHER
Forecast for next 24 hours:

FRIDAY, JANUARY 14, 1921

SEVEN MISTAKES OF LIFE

1. The delusion that individual advancement is made by crushing others down.
2. The tendency to worry about things that cannot be changed, or corrected.
3. Insisting that a thing is impossible because we ourselves cannot accomplish it.
4. Attempting to compel other persons to believe and live as we do.
5. Neglecting development and refinement of the mind by not acquiring the habit of reading fine literature.
6. Refusing to set aside trivial preferences, in order that important things may be accomplished.
7. The failure to establish the habit of saving money.

WHAT ONE BANK ADVISES

The First National Bank of Moberg, South Dakota, gives its clients the following sound advice with regard to life insurance:

"Decrease in the value of the dollar should prompt you to increase your life insurance."

Parcel Sale and Lunch

On Saturday evening, Jan. 15, 1921 the Y. P. S. of the Norwegian-Danish Lutheran church will give a parcel sale and lunch at the church parlors. At 8:30 the following program will also be given:

Recitation L. Henningson
Dialogue Two Boys
Vocal Solo Esther Fogelstrom
Reading Knute Thoe
Piano Solo Ida Peterson
Those coming bring parcels. Lunch 15c. Everybody welcome.

Peoples Congregational Church

The Ladies Aid of the Peoples Congregational church was entertained Wednesday afternoon in the church parlor, by Mrs. Cameron and Mrs. Carlson. After the business was transacted a very fine lunch was served and every one voted the afternoon had been profitably spent.

Young People's Society

The Young People's society of the Clara Lutheran church will meet this evening at 8 o'clock in the church parlor and will be entertained by Mr. and Mrs. J. W. Johnson.

The program is arranged as follows:
Prof. W. C. Cobb will give an address.

The Misses Wiemar will supply two musical numbers.

Miss Mary Tornstrom and Miss Clara Mattson will offer readings.

A REAL FLESH BUILDER

ARGO-PHOSPHATE contains phosphates such as physicians all over the world are prescribing to build up all run-down, emaciated conditions and changing thin, emaciated women with feeble tissues, flabby flesh into the most beautiful, rosy-cheeked and plump, round formed women imaginable.

NOTICE—Dr. Frederick Jacobson says: Argo-Phosphate builds up all run-down conditions in a few days wonderfully. Dispensed by H. P. Dunn.

Thought His Time Had Come—Disappointed

"I never was more surprised in my life than when I took the first dose of Mayr's Wonderful Remedy. My stomach trouble had been of eight years' standing, sometimes so bad as to cause convulsions, followed by hemorrhage. I thought my time in this world was short and believed in the last medicine I would ever take. It is now eight weeks since, and I am feeling better than for many years." It is a simple, harmless preparation that removes the catarrhal poisons from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy.

"WILLOW TREE" AT LYCEUM

Screen Classic Starring "Viola Dana" is a Feature Attraction. Lavish Production

Friday matinee and night "The Willow Tree", the big Screen Classics, Inc., production, starring Viola Dana, is booked as the feature attraction at the New Lyceum theatre. "The Willow Tree" is the picturization of the famous Cohan & Harris stage success by J. H. Benrimo and Harrison Rhodes, which was the theatrical sensation of a season when it was first produced on Broadway in New York.

The screen production of "The Willow Tree" has been conducted along unusually lavish lines, no expense having been spared to make the picturization of the famous play the undoubted success on the screen that it was on the stage.

"The Willow Tree" is laid in Japan, and tells a weird, fantastic story of an image that came to life in the form of a beautiful maiden. The play is surcharged with delicate sentiment, delicious comedy and tender pathos.

NEAR WALL ST. BLAST

William Fox Company in "The Plunger" Narrowly Escaped Being in Awful Explosion

The William Fox company which produced "The Plunger," starring George Walsh, narrowly escaped being in the big explosion in Wall street. It completed its work in the vicinity of Broad and Wall streets only a short time before the explosion took place.

George Walsh

"The Plunger," which is to open an engagement at the Lyceum theatre tomorrow, tells a story of frenzied finance in which Walsh assumes the part of "Take a Chance" Schuyler, a

millionaire stock broker whose activity was of a spectacular nature. Because of the Wall street atmosphere of the picture views were filmed which include an excellent shot of the exact spot at which the explosion occurred. The cameraman and Thomas F. Fallon, the author, who assisted Dell Henderson in directing the production, had finished photography on September 16, and barely got their material away from the scene when the blast let go.

"The Plunger," said to be one of the liveliest and most pretentious productions depicting Wall street activities ever attempted, will be at the Lyceum theatre Saturday afternoon and night only.

First Baptist Church

The members and friends of First Baptist church will meet tonight for the first time in the new "Lower Temple" for their annual business meeting, roll call and supper.

Every one interested in the progress of the church should be in their places at this important function of the enterprise. Reports, election of officers and program will begin at the tables immediately after the supper. 6:30 p. m. is the time supper will be served.

You need never know the worry of a hard cold---IF---

True the first cold may not be preventable. Cold has a habit of coming when you least expect it, but this is no reason why you should have your second. As a matter of fact this is no reason why the first cold should last very long. There are plenty of preparations in the modern drug store suitably adapted to the quick relief of colds, grippe, fever, malaria, headache, neuralgia and Spanish Influenza. We certainly ought to be able to supply the necessary remedies because we carry practically every kind of cold remedy on the market. The average price is 25 cents and war tax—for immediate relief of the present cold and opportunity or means to avoid the second. Stock up on this preparation now.

COMMERCIAL STATE BANK OF BRAINERD

Opens for Business on Saturday, January 15th, Located at 212 So. Sixth Street

BANK'S PERSONNEL IS GIVEN

Banking Rooms are Most Convenient and Have Been Nicely Decorated and Furnished

The Commercial State Bank of Brainerd will be opened tomorrow Saturday, January 15, at 9 a. m. The officers of this new banking institution of the city are as follows:

President—A. S. Irgens.
Vice President—A. S. Peterson.
Vice President—E. E. Larson.
Cashier—N. W. Irgens.

The following are on the board of directors: Rev. E. G. Carlson, William Mattson, J. K. Jacobson, A. S. Irgens, A. S. Peterson, E. E. Larson and N. W. Irgens.

The quarters at 212 South 6th street in which the bank is located have been thoroughly renovated and tastefully decorated. The fixtures to be utilized by the new institution are of an attractive and business-like character.

The contractor in charge of the work which has been rushed to completion is W. T. Carlson who has supervised the renovation and redecoration.

For the protection of its customers the bank has installed a fire-proof and burglar-proof vault and a Diebold Tisco Manganese Steel Bank safe which has been pronounced burglar-proof by many bankers associations.

Diebold all steel safety deposit boxes have been installed for the protection of valuable papers, etc.

Small booths have been provided wherein customers may examine the contents of their safety deposit boxes and transact their personal business in strict privacy.

A director's room has been partitioned off from the main room of the bank and is equipped with modern furniture.

The officers are men of experience who command respect.

A. S. Irgens, the president of the institution, has been in the banking and merchandising business at Farwell, Minnesota, for a period of years.

A. S. Peterson, vice-president, cashier in the Farwell State bank, has had a successful banking career, spending about 15 years in the banking and real estate fields.

E. E. Larson, vice-president, a graduate of the Minnesota school of law, is president of the Payne Avenue State Bank of St. Paul, Minnesota.

N. W. Irgens, cashier, is a graduate of the Gustavus Adolphus college of St. Peter, Minnesota and has been teller at the First National Bank of Breckenridge, Minnesota for two years. Mr. Irgens volunteered as a meteorologist during the World War and served overseas with the expeditionary forces.

The personnel of the bank is such that those who do business with the institution are assured courteous consideration.

DYNAMITE EXPLOSION ERRONEOUS STORY

No Truth to Rumors That Car of Dynamite Had Exploded in Train at Belle Prairie

ENGINEER'S VERSION OF WRECK

Freight Engine Running Slowly When a Rod Broke and Derailed Locomotive

The reports that were circulated yesterday, Thursday afternoon and evening about the wreck on the Northern Pacific at Belle Prairie were erroneous insofar as they suggested serious damage.

The story that a car of dynamite had exploded and killed the stock in two cars went the rounds of the city during the afternoon.

The facts, as gathered from the engineer of the derailed engine, are these: while the engine was running slowly a rod broke and fell causing the engine to jump about 30 feet. The engine was slightly damaged, but the delay resulted from the necessity of calling for the wrecker, which left for the scene of the wreck at about 3:15 p. m.

The members of the crew of the train were not injured. The afternoon train from St. Paul due in Brainerd at 2:10 o'clock did not arrive until 4:25.

MALNUTRITION

Five Examples Given and the Methods Used to Overcome the Defects Noted

(By City Nurse)

There is a reason for every case of malnutrition. If little Mary weighs ten, twelve or fourteen or even twenty pounds less than Bessie Jones who is the same age and height, Mary is not as well and as strong as Bessie, and there is a reason. Do you know the reason? There is nothing mysterious about it. The reason is one or more of all of five, but is responsible for the fact that Mary has not attained the standard weight for her height and age.

The records of the examinations made at the nutritional clinics bear out the fact that there is a reason of malnutrition. One of the malnourished children examined at the Brook Park (Pine County) clinic lived a very well ordered life. He went to bed at 8 p. m., and arose at 7 a. m. Surely, he was getting enough sleep. He ate three good meals a day, drank plenty of milk, ate fruit, vegetables, meat and eggs. Why do you suppose he was underweight? Dr. C. A. Stewart, the clinician, discovered the boy's teeth were badly decayed and his tonsils were so large that they interfered with his breathing. The presence of physical defects was the reason why that child was not up to standard.

A girl of fourteen pound underweight, drank no milk, had a poor appetite, slept with the windows closed, and was nervous. This girl was not eating enough of the right kind of food. Girls of that age need large quantities of good, tissue building food, such as milk, eggs, meat, butter, creamed vegetables. They need potatoes, rice puddings, made from milk and eggs, also bread and cereals. The girl in question was not getting enough of the foods mentioned. She spoiled her appetite with the wrong (Continued on page 6)

RULES FOR USE WATER PREPARED

Will be Printed Shortly and Distributed to All Consumers of Water in City

40c RATE FOR 1,000 GALLONS

For Small Meters Now Being Set in Houses Minimum Charge Will Be \$1.50 Per Quarter

W. D. McKay, secretary of the Water & Light Board, says that the board is preparing a set of rules regarding the use of water and meters and that they will be printed shortly and distributed to all consumers of water. These regulations will supplant all former regulations and will be enforced rigidly. It is intended to make the use of water and water meters as exact as is now the case with the use of electricity.

The board has not fixed a meter rate but temporarily will continue the rate of 40-cents per gallons established many years ago when the city took over the old plant and system. Until it is learned what the meter quantity for the city will be, no other rate can be made. For years over one hundred citizens have been using meters and paid the 40-cent rate and found it cheaper than the flat rate which would otherwise have been invoked upon them.

The board has decided, however, that for the small meters now being set in houses the minimum charge will be \$1.50 per quarter. All water bills will be payable quarterly.

WHITE CROSS LODGE NO. 30

Knights of Pythias Lodge Installs New Officers on Wednesday Evening

The following officers of White Cross Lodge No. 30 Knights of Pythias were duly installed at the regular meeting on Wednesday evening of this week:

C. C.—H. J. Wolner.
V. C.—G. M. Luken.
Prelate—A. K. Cohen.
M. W.—William Brown.
K. of R. and S.—F. G. Drieling.

MUSICAL CLUB PROGRAM SATURDAY

The Hostesses Will be Mesdames G. H. Warner, C. G. Nordin and Karl H. Hoorn

MRS. E. S. BUCKMAN TO SING

Comes from Superior and Has Studied With Three Teachers—Miss Johnstone to Play

This program will be given at the pipx ? bWmf 1Cs.7 Brainerd Musical club Saturday afternoon:

"Aria-Voi che Sapete" from "The Marriage of Figaro".....Mozart
Mrs. E. S. Buckman
"Fantasia Tzigane".....Desire Mohr
Miss Alice Johnstone
"Dearest".....Sidney Homer
"In the Boat".....Grieg
"My Lovely Celia".....Higgins
"The Velvet Darkness".....Reddick
Mrs. E. S. Buckman
"Andantino".....Andre Martini-Kreiser
Miss Alice Johnstone
"To An Old Love".....Scott
"Pirate Dreams".....Huerter
"My Songs of Love".....Hahn
"The Living God".....O'Han
Mrs. E. S. Buckman

Mrs. Louie Knudson will accompany Mrs. Buckman and Mrs. W. A. M. Johnstone will accompany her daughter, Miss Alice. The hostesses are Mesdames G. H. Warner, C. G. Nordin and K. H. Hoorn.

The singer comes from Superior and has studied with three Brainerd favorites, Mr. Southwick, Miss Mary Bradshaw and Mrs. Donna Riblette Flaaten, and will, no doubt, add to the popularity of her teachers as well as make a place for herself in the hearts of Brainerd music lovers.

Miss Alice Johnstone had the very rare compliment of being invited to join the orchestra at Oberlin during her first term in that university.

Installation This Evening

Modern Woodmen of America camp will install officers this evening and have a good time, refreshments being served. A large attendance is expected.

NEW VOCATIONAL EDUCATION SQUAD

Government Adopts a Plan to Cut Red Tape and Get Prompt Action In this Important Matter

2 COUNTIES ARE COMING HERE

Brainerd to be Center of Squad Activity for Crow Wing and Wadena Counties February 12

District No. 10 of Federal Board for Vocational Education is going to send a squad of men into all sections of the state to place disabled ex-service men in training. This squad will be able to make medical examinations, certify to official papers, advise men as to training and give them transportation to schools. All this will be done while they are in the different localities which they are going to visit. They will be in Brainerd, on Feb. 12th and all disabled ex-service men in Wadena and Crow Wing counties, who are interested should see them at that time and place. These men should bring with them all the official military and government papers which they have in their possession as these are necessary in order that the squad may inform them as to whether or not they are eligible for training.

This means that the board is coming to the man as nearly as possible. All ex-service men to whom this notice comes, should inform others whom they think may be interested, telling them of the facts. Every disabled ex-service man who is hindered in carrying on his pre-war occupation should receive training so that he can compete with others. This squad is out to see that such men get into training. If each man will give his assistance, hundreds of disabled veterans in Minnesota should go into training as a result of this drive which is to take in the entire state and is to start on January the 19th at St. Paul.

COUNTY AGENT ACTIVITIES GIVEN

County Agent E. G. Roth has returned from a meeting of the Agricultural Extension conference held in St. Paul at University Farm.

He organized a Farm Bureau Unit Thursday near Jenkins. The new unit is named "The White Fish Lake Farm Bureau Unit." The officers of the unit are:

Director—H. H. Hinker.
Vice-director—M. R. Bosworth.
Secretary—L. O. Johnson.

A big poultry culling demonstration was held today, Friday, at Fort Ripley, beginning at 12 noon. County Agent E. G. Roth was in charge of the demonstration.

Annual Meeting
Bethlehem Lutheran church will have its annual church meeting on Monday evening, January 17, at 8 o'clock.

BILL IS OPPOSED

New Bill Aimed to Give Lawyers Solely the Right to Draw Legal Papers

St. Paul, Minn., Jan. 14—Not only are Minnesota bankers solidly opposed to the bill before the state legislature which aims to prohibit all persons except practicing attorneys from drawing up legal documents, but farmers, stock men and other citizens throughout the state have informed bankers of their hostility to the measure, judging from the results of a state survey made during the past week by the Merchants National Bank of Saint Paul.

A broad variety of reasons why the measure should be defeated were advanced by bankers who replied to the questionnaire sent out by the Merchants National Bank. Bankers in a number of small towns and villages pointed out that one of several reasons for their opposition was the fact that their community was not large enough to support a lawyer.

As an offshot from the leading question at issue, a number of bankers declared that one or more lawyers had moved to larger fields. Judging from comments made, litigation in rural sections of Minnesota was comparatively light last year and while some bankers admitted that passage of the new measure might enable their district to support an attorney, they took the position that if they did not fight the bill that farmers and other depositors would.

Several bankers declared that some of their customers conferred with their senators and representatives regarding the measure, even before the bankers told the lawmakers of their opposition. In every instance, reported in the questionnaire, the members of the state legislature were quoted as saying they would not support the measure.

MALNUTRITION

(Continued from Page 5)

kind of food, and should have taken exercise and slept in the fresh air. Improper food is a prominent cause of malnutrition and one of the greatest reasons why all children are not healthy as they should be.

Chronic constipation was noted on record of a nine year old boy who was eighteen pounds underweight. Chronic constipation with few exceptions is an outstanding sign of poorly regulated habits, or in other words, lack of parental control or guidance. A child so afflicted must be taught the necessity of regular habits and proper food. The two are almost always certain to overcome constipation, except where there is an obstruction in the intestines. Lack of parental control is one of the most common of the reasons for malnutrition. Parents know their children need a certain amount of sleep every night, that they must have plenty of the right kind of food, but still allow the wilful and inexperienced child to stay out at shows and so lose sleep, to eat what he likes whether it is good or bad for him, to skip a meal, and to become fatigued. Children must live a well regulated life if they are going to be strong and grow.

A child, nineteen pounds underweight, satisfied nearly all of the conditions required for good health. His teeth were excellent, his tonsils normal, and he had no adenoids, but it was found he was not getting enough sleep. He went to bed at ten, and got up at six. Eight hours of sleep are not enough for a ten year old boy. Two additional hours of sleep every night would soon remove the reason in this case.

One of the seventh grade girls at Glenwood is fourteen and one-half pounds underweight. At the time of the clinic there, she had a poor appetite, and cared to eat only two meals a day. She slept ten hours every night in a room where there was plenty of fresh air. Dr. W. L. Colby, the clinician, saw that she was one of those girls who play too hard and work too hard, and who go into everything too strenuously. Dr. Colby recommended that she attend school only in the mornings and that she take a nap every afternoon until her weight reached the standard mark.

There are five examples of malnutrition with one of the five causes in each case: physical defects, improper food, lack of home control, not enough sleep and over-fatigue. Every one of these five causes can and must be removed.

MRS. HANNAH OLSON

Guest of Honor at Birthday Celebration, Fifteen Friends Present Thursday

Mrs. A. P. Sorenson of 801 Fifth street was kept busy yesterday, and this, Friday, morning reported herself delighted at the way the friends of her mother, Mrs. Hannah Olson, gathered to celebrate her seventy-seventh birthday.

Fifteen old friends of Mrs. Olson sat down to a three course dinner, served at two tables. The birthday cake came from Minneapolis, and Mrs. Sorenson's cousin of Minneapolis, sent a poem in the Norwegian language written by himself which was much appreciated.

The Christmas decorations made the room look attractive and the three candles representing the three wise men, added to the pleasing effect.

Mrs. Olson received many presents of flowers and books and the good wishes of her friends for more happy birthdays. Among the last to leave were Mr. and Mrs. A. G. Trommald and family.

The hostess regretted the absence of an old friend, Mrs. Hannah Hagberg, who because of sickness could not be present.

BILL BENDA LOOMS AS A PIN BUSTER

He Runs Wild With the Maples at Cook's Alleys on Monday Night, Slashing Out 647

RECORD SCORE WAS 202-228-217

Benda's Work Helped to Push the Knights of Columbus Winners Over the Workmen Team

At the Cook's bowling alleys Monday night, Bill Benda again went wild and piled up the largest three game score that has been made in a matched game this season.

Benda was playing with Knights of Columbus team against the Workmen team and piled up scores of 202-228-217-647.

This extraordinary record of Benda's helped the Knights of Columbus to win three straight games, although the Workmen went over nine hundred pins in their second and third games.

The Eagles were successful in defeating the Elks two games out of three. This makes the contest for games a warm one, at present the K. C. are holding first place, Elks second, Eagles third, Workmen fourth, K. P. fifth and Moose sixth.

The Moose and K. P. postponed their weekly contest until Friday evening.

All scores of each player will be posted in Saturday's Dispatch.

The NEW EDISON

"The Phonograph with a Soul"

At last you can learn What Edison Did during the War

YOU wondered—everybody wondered, and practically nobody knew how Edison "did his bit." At last the official announcement is out! Come in and get your copy of the bulletin: "What Did Edison Do During the War?"—or write, if you can't call.

It tells what Edison did while Chairman of the Naval Consulting Board—how he spent months at sea, experimenting and inventing devices for foiling the German submarines.

The bulletin also tells how Edison stood the gaff and kept the price of the New Edison down to bed-rock during the era of high costs and soaring prices. The New Edison has increased in price less than 15% since 1914—part of this increase is war tax. The bulletin also tells Mr. Edison's views on our Budget Plan which makes the New Edison easy to buy.

Folsom Music Co.

Watch for the announcement of Mr. Edison's new research!

Dunn Says:

After you eat—always take

EATONIC

FOR YOUR STOMACH'S SAKE

Instantly relieves Heartburn, Bloating, Gas, Feeling, Stops indigestion, food souring, roasting, and all the nasty miseries caused by
